Technology Maximizer

Stay clinically advanced, **maximize imaging investments**

Boost the clinical capability and operational performance of your CT imaging equipment with Philips Technology Maximizer

Benefits

Predictable Budget	Plan a predictable budget for needed enhancements instead of multiple approvals
Stay Competitive	Automatically access innovation on release instead of buying each new enhancement separately
Non-obsolescence	Stay protected from obsolescence and be first to market with innovations
Capex to Opex	Avoid repeated capital investments over system lifecycle with planned operational budget.

How Philips Technology Maximizer works

Technology Maximizer for CT is an optional service offered in tandem with our RightFit Customer Service Agreement*. Technology Maximizer is a software subscription and hardware refresh program that keeps your CT system in state-of-the-art condition for a full 5 years after installation. For a low, predictable fee, it packs clinical, financial, and operational security into one package.

* Technology Maximizer is available with eligible RightFit Service Agreements

Peace of mind through structured upgrades
