Service that works for **you**

Our **commitment** to you never ends

These results reflect the Philips commitment to delivering an exceptional sales, service, and education experience to you. Philips provides solutions that address your lifecycle needs so you can focus on delivering high-quality patient care. This is why customers rank Philips number one in probability of repurchasing – our team has a singular focus on customer needs and works together to build a trusted relationship over time. Choosing Philips to fulfill your ultrasound imaging needs is just the beginning. Our commitment to our ultrasound customers never ends.

Quality service from qualified people

The desire to meet commitments is a characteristic we seek and nurture in our sales, service, and education teams. Our customers consistently tell us how much they recognize and value this.

The experience and reliability of Philips service personnel play a significant role in customer satisfaction, as indicated by the highest ranking for overall service engineer performance. Their consistently high-quality performance earns Philips service engineers a top rank for overall satisfaction with the manufacturer.

The success of your organization depends on people. Philips services are designed with that in mind – to help you create healing environments, develop your staff, enhance your organization's performance, and increase patient satisfaction.

Depend on us. The resources, training, and support we offer enable you to focus on what's most important: your patients.

Philips customer services is service that works for you.

About the ServiceTrak™ survey

ServiceTrak is one of the most recognized and trusted surveys in the healthcare industry. The survey is conducted annually by IMV, an independent healthcare market research company with more than 20 years' experience in analyzing the medical imaging, clinical diagnosis and analytical instrument markets. ServiceTrak reports provide an objective, non-anecdotal benchmark of service levels as measured by actual customer experiences and impressions. Respondents are drawn from a randomized database of US hospitals. The 2015 ServiceTrak Ultrasound All Systems report is based on data collected from 1,832 respondents.
