

The ultimate convenience for your OSA patients

Philips Respironics PAP travel briefcase

Your OSA patients can travel with ease when carrying their sleep therapy system. Our stylish PAP travel briefcase is the only customized, all-in-one luggage option that organizes PAP equipment, a laptop, and small carry-on items neatly, securely and discreetly.

PHILIPS

RESPIRONICS

Easily transported alone or with a roller suitcase

Travel easily with PAP therapy equipment

The PAP travel briefcase is designed to make traveling with therapy easy and convenient for OSA patients. Two separate bags combine into one so PAP users have just a single carry-on for their therapy equipment, a laptop and miscellaneous travel items.

Benefits for your patients

- Consolidates multiple carry-on bags
- Stylish, professional and organized
- Quickens the airport screening process (as the PAP device can stay in the briefcase dependent upon TSA regulations)

Benefits for your business

- Allows you to offer your OSA patients a practical solution for when they travel
- Accommodates System One sleep therapy equipment or other PAP systems
- Encourages maintenance of PAP therapy
- Offers a great retail revenue opportunity

Features

- Within the FAA maximum carry-on size
- Padded shoulder strap and handle
- Thick padded siding and inserts
- Zippered compartments
- Front and back panels made of high grade polyester (interior and other exterior panels made of standard grade polyester)

Specs and ordering info

PAP travel briefcase	
Part number	1114784
Size	41cm w x 34,5cm h x 20cm d
Color	Black

The PAP bag holds a sleep therapy device and its accessories securely in place within padded compartments.

The two bags zip and unzip easily so either bag can be carried separately.

The laptop bag has pockets and zippered compartments to hold a laptop, laptop accessories, and other small travel items.
